Unfinished Business
1. Matt -- Lights in Fairview Park
    - Tried recruiting neighbor attendance door to door
    - 2 lights paid for by Parks & Rec
    - One neighbor has historically requested lights
    - Question about source of funding, unknown + no specified timeframe

- Action: Doug proposes moving to a vote
    - Result: Yes'd unanimously

2. Tiffany -- Logan Block Party
    - GU + community collab historically in Mission Park
    - GU experiencing budget shifts but funding is presumed to be available for this
    - Discussion:
        - Doug – willingness to serve as a liaison between GU + neighborhood
        - Polly Anne – CEG grants could also be used here
        - Jim – interest in finding out how to spread out workload + funding
    - Action: Jim motions to approve // Sarah seconds
        - Result: Yes'd unanimously
    - Now: Tiffany will look at past plans; will identify next meeting who wants to be involved and how – event typically in September
    - Tiffany will put together a list of how we could use grant specifics

New Business

1. Board member elections in May
2. Open Forum
    - How to increase meeting attendance?
        - Next meeting is 3/19, spread word early
        - Could ask Gabby Ryan + Amber to help with canvassing
        - What could ONS provide to help?
        - Meeting agenda items/speakers can influence attendance
        - Could table at Block Party, brief survey at event? Discuss @ exec meet but tabling has historically been done

6:15 PM – Wrap Up + Adjourned
